### C. Research Support

#### Ongoing Research Support

1K23RR/Dk00198 Dulai (PI)

2001 – 2006

National Institutes of Health's National Center for Research Resources

Mentored Patient-Oriented Research Career Development Award

Studies of Barrett's Esophagus

Goals: To support a program of mentored, patient-oriented clinical research and concurrent training in the methods of clinical investigation, with a specific interest in patients with Barrett's esophagus.

Role: PI

#### Completed Research Support
